  - e. What it means to be socially healthy. Discuss your activity in the areas of healthy social fitness.
  - f. What you can do to prevent social, emotional, or mental problems.
3. With your counselor answer and discuss the following questions:
  - a. Are you free from all curable diseases? Are you living in such a way that your risk of preventable diseases is minimized?
  - b. Are you immunized and vaccinated according to the advice of your health-care provider?
  - c. Do you understand the meaning of a nutritious diet and know why it is important for you? Does your diet include foods from all food groups?
  - d. Are your body weight and composition what you would like them to be, and do you know how to modify them safely through exercise, diet, and behavior modification?
  - e. Do you carry out daily activities without noticeable effort? Do you have extra energy for other activities?

- f. Are you free from habits relating to poor nutrition and the use of alcohol, tobacco, drugs, and other practices that could be harmful to your health?
  - g. Do you participate in a regular exercise program or recreational activities?
  - h. Do you sleep well at night and wake up feeling refreshed and energized for the new day?
  - i. Are you actively involved in the religious organization of your choice, and do you participate in its youth activities?
  - j. Do you spend quality time with your family and friends in social and recreational activities?
  - k. Do you support family activities and efforts to maintain a good home life?
4. Explain the following about physical fitness:
    - a. The components of physical fitness
    - b. Your weakest and strongest component of physical fitness
    - c. The need to have a balance in all four components of physical fitness.
    - d. How the components of personal fitness relate to the Scout Law and Scout Oath.
  5. Explain the following about nutrition:
    - a. The importance of good nutrition
    - b. What good nutrition means to you
    - c. How good nutrition is related to the other components of personal fitness
    - d. The three components of a sound weight (fat) control program.
  6. Before doing requirements 7 and 8, complete the aerobic fitness, flexibility, muscular strength, and body composition tests as described in the Personal Fitness merit badge pamphlet. Record your results and identify those areas where you feel you need to improve.

- **Aerobic Fitness Test**

Record your performance on one of the following tests:

1. Run/walk as far as you can in nine minutes
- OR
2. Run/walk one mile as fast as you can

- **Flexibility Test**

Using a sit-and-reach box constructed according to specifications in this merit badge pamphlet, make four repetitions and record the fourth reach. This last reach must be held steady for 15 seconds to qualify. (Remember to keep your knees down.)

- **Strength Tests**

Record your performance on all three tests.

- *Sit-ups*. Record the number of sit-ups done correctly in 60 seconds. The sit-ups must be done in the form explained and illustrated in the merit badge pamphlet.
- *Pull-ups*. Record the total number of pull-ups completed correctly in 60 seconds. Be consistent with the procedures presented in the merit badge pamphlet.
- *Push-ups*. Record the total number of push-ups completed correctly in 60 seconds. Be consistent with the procedures presented in the merit badge pamphlet.

- **Body Composition Test**

Have your parent, counselor, or other adult take and record the following measurements:

- Circumference of the right upper arm, midway between the shoulder and the elbow, with the arm hanging naturally and not flexed.
- Shoulders, with arms hanging by placing the tape two inches below the top of the shoulders around the arms, chest, and back after breath expiration.
- Chest, by placing the tape under the arms and around the chest and back at the nipple line after breath expiration.
- Abdomen circumference at the navel level (relaxed).
- Circumference of the right thigh, midway between the hip and knee, and not flexed.

If possible, have the same person take the measurements whenever you are ready to be remeasured to chart your progress. .

7. Outline a comprehensive 12-week physical fitness program using the results of your fitness tests. Be sure your program incorporates the endurance, intensity, and warm-up guidelines discussed in the Personal Fitness merit badge pamphlet. Before beginning your exercises, have the program approved by your counselor and parents.
8. Complete the physical fitness program you outlined in requirement 7. Keep a log of your fitness program activity (how long you exercised; how far you ran, swam, or biked; how many exercise repetitions you completed; your exercise heart rate; etc.). Repeat the aerobic fitness, muscular strength, and flexibility tests every two weeks and record your results. After the 12th week, repeat all four tests, record your results, and show improvement in each one. Compare and analyze your preprogram and postprogram body composition measurements. Discuss the meaning and benefit of your experience, and describe your long-term plans regarding your personal fitness.
9. Find out about three career opportunities in personal fitness. Pick one and find out the education, training, and experience required for this professions. Discuss what you learned with your counselor, and explain why this profession might interest you.
